**Subject:** Re: Review of NJDEP draft report

Thanks Brian -- I appreciate it. This is intended to go NJ DEP staff who are immersed in this, listing details they might find relevant. I was planning on major changes for a journal paper later, changes that would be kinder to the reader. But it might well need a rewrite even for that targeted audience. Will review comments next week. Thanks! John

John,

Took a stab at reviewing the paper. Rough for me since I'm not a PFC chemist or really haven't been following the details of all the analyses and findings. Regardless, I gave it a shot.
